

Getting people together to enjoy the great early season Nordic skiing at Silver Star and Sovereign Lake.

- Silver Star
- December 2-11, 2016
- Travel and lodging arranged on your own

This event is for anyone who has ever wondered... "Who are these people in my age group?" This is our chance to find out! Join friends old and new for some early season Nordic skiing at Silver Star Resort. This is a loose community of Nordic skiers interested in connecting while at Silver Star. Depending on interest we could organize some group skis, evening get togethers, etc. The sky's the limit, and the more the merrier.

"The idea for this week grew in part out of a curiosity about other people in my age group at races. I knew that I shared at least one thing with them, an interest in Nordic racing. From there it expanded into a general invitation to enjoy skiing at Silver Star." – Founder, Will Edwards
