HAND-PADSTITCHED CANVAS FRONTS,  
HAND-STITCHED BUTTONHOLES &  
REAL LEATHER BUTTONS

*An Atelier, New York*  
*AW 2017 World Exclusive*

THIS super-limited edition HBJ02 handmade jacket design is one of only 4 pieces of its kind made by hand in the entire world this season exclusively for Atelier in New York. It was created using a classic 5-button single-breasted notched-lapel jacket pattern from our extensive tailoring research, and cut using a luxury silk, cashmere and linen fabric woven for us by L. Parisotto and family in Sarcedo Italy combined with an exquisite Italian paisley jacquard weave and striped viscose lining woven for us by Tessitura Mauri in Como, along with authentic Bemberg cupro sleeve lining for maximum comfort and softness, then individually hand dyed in our studios with a special process which takes over 9 hours for each piece to achieve its special patina and unique effects. The special piece also features very special old-fashioned canvas horsehair front and collar interfacings totally hand-padstitched with over 1000 invisible hand stitches inside to give it its remarkable soft, natural roll line along lapels and collar, real working sleeve buttonholes,

remarkable artisan made horn buttons created exclusively for us by the legendary Fontana family of buttonmakers in Parma, Italy, and 13 real hand-stitched buttonholes (each one requires 8-10 minutes to cut and sew) in luxurious pure silk *Bozzolo Reale Milano Seta* thread and is handsigned and numbered by the designer. Variations in color and color density are not imperfections or irregularities, but specific characteristics of the special hand-dyeing technique. Please treat buttons and buttonholes with care. We recommend professional cleaning or hand wash in cold water and protecting buttons with foil or plastic wrap when washing. Do not put in washer or dryer.
