An Atelier, New York

*AW 2017 exclusive for all of the United States
& North America*

THIS super-limited edition LUS04 shirt design is one of only 7 pieces of its kind made by hand in the entire world this season. Of these, just 5 pieces were created for all of the United States and North America exclusively for Atelier NY. It was created from an updated mid-1850's long shirt design, from our extensive tailoring research, and cut using an exclusive Venezia Super 120's double-twist luxury cotton shirting cloth woven for us by L. Parisotto and family in Sarcedo, Italy, the world's most exclusive artisan cotton and linen mill. The design also features special hand-stitching details, real hand-stitched mother-of-pearl buttons made for us in Padova and real 13 hand-sewn buttonholes (each one requires 8-10 minutes to cut and sew, over 2 hours of expert and painstaking work on buttonholes and buttons for a single shirt), in luxurious pure silk *Bozzolo Milano Seta Reale* threads. It was then specially hand washed in our studios for extra aging and softness. Variations in color and color density are not imperfections or irregularities, but specific characteristics of this special technique. Please treat buttons and hand-stitched detail work with care. We recommend professional cleaning or hand wash in cold water and protect buttons with foil or plastic wrap when washing. Do not wash with other items. Do not put in washer or dryer.
