BUTTONHOLES & BUTTONS

*An Atelier, New York
United States Exclusive*

THIS super-limited edition SEC09 coat design is one of only 29 pieces of its kind made by hand in the entire world. Of these, just 3 pieces were created for all of the United States exclusively for Atelier in New York, from our original 3-button peak-lapel coat pattern and cut in a very soft superlux pure cashmere fabric woven for us in Biella, Italy. The design also features an exclusive button story design composition in real horn made exclusively for us by the legendary Fontana family of buttonmakers in Parma, Italy, real hand-stitched buttonholes (which require at least 8-10 minutes to create each one) in pure silk *Bozzolo Milano Seta Reale* threads, then specially hand washed in our studios for extra aging and softness. Please treat buttons and buttonholes with care. We recommend professional cleaning or hand wash in cold water and protect buttons with foil or plastic wrap when washing. Do not wash with other items. Do not put in washer or dryer.
