HAND-WASHED LUXURY COMO PURE
SILK RASO SATIN FABRIC
WITH HAND-SEWN BUTTONHOLES
& REAL MOTHER-OF-PEARL BUTTONS

*An Atelier, New York
World Exclusive*

THIS special version of the super-limited edition SEWS05 shirt design is one of only 5 pieces of its kind made by hand in the entire world exclusively for Atelier in New York. It was created using a luxury pure Como silk raso satin fabric from the world's leading silk production region, and an updated mid-1950's fitted ladies bodice shirt design with vintage Italian real pearl shell buttons, our signature handsewn buttonholes (which require 8-10 minutes to create each one), all done in luxurious pure silk *Bozzolo Reale Milano Seta* threads. It was then specially hand dyed in our studios with a special process that requires at least 8 hours for each piece to achieve its special patina, softness, and unique effects. Variations in color and color density are not imperfections or irregularities, but specific characteristics of this special technique. Please treat button and handstitch detail work with care. Variations in color and color density are not imperfections or irregularities, but specific characteristics of the special hand dyeing technique. We recommend professional cleaning or hand wash extra gentle in cold water. Do not put in washer or dryer.
