

Basket Care Instructions

1. Water- Start with the right basket! Our Passion Basket pots are designed by us and “only” found here! Each pot holds a 3 gallon reservoir to help keep your baskets moisture level consistant. Consistency and amount is key on this step. 5 gallons minimum/ day and a helpful hint... water the same time everyday!

2. Fertilize- Mix 1 tablespoon per gallon water. Fertilize weekly. Our Passion Baskets love 5 gallons per week!

3. Protect-

Budworm Terminate- Mix 1 tablespoon per quart of water and spray thoughly on blooms and leaves once a month.

Insect Terminate- Mix 2 tablespoon per gallon water. Water into soil once per month.
