

# Cables Master Class

Classes will be held alternate Saturdays at The Yarn Stop. Morning classes (10:30-12:30) are for knitters participating in full sessions (A or B). Afternoon classes (2:00-4:00) are for knitters choosing squares a la carte. Pre-registration is required.

**Class number one (September 8) is highly recommended for knitters who have no experience with either cables or charts.**

While an alternate week schedule may seem very aggressive, blocks can be completed in one week each by simply knitting 14-16 rows per day.

One skein (218 yards) Berroco Vintage or similar worsted weight yarn is required for each square. If mixing yarn types, you should work a gauge swatch for **each kind of yarn** to ensure that squares will be the same size for easier assembly.

**Gauge:** 20 sts and 27 rows = 4" in stockinette stitch

**Needle:** US7 or size required to obtain gauge

Tools recommended:

- cable needle
- stitch markers
- scissors
- row counter
- writing implement
- darning needle
- highlighter tape
- scrap yarn and needles for practicing cables and special stitches in class
- size G (4.5 mm) crochet hook (not needed until assembly class)

Please bring a copy of the pattern Norah's Vintage Afghan to class with you. The most recent version can be downloaded from [berroco.com](http://berroco.com).

Prior to each class, work the square border as follows:

- Using long-tail cast on, cast on the number of stitches indicated for the square.
- **Rows 1-4:** knit all stitches
- **Row 5 (wrong side):** k1, (p1, k1) across
- **Rows 6-9:** knit all stitches

Bring this piece to class with you, ready to continue with the square.

**Assembly class prep:** bring all completed squares, blocked and dry, along with a small square (approx. 4" square) worked in garter stitch using leftover yarn from your afghan and the same needle.

Squares 10 and 11 are not included in class work. Based on their difficulty levels, they would be worked after square 8 and square 17.

Knitters who enroll in both full sessions (A and B; 18 blocks) will receive complimentary enrollment in the Assembly class on May 18.
