GENERAL INFORMATION

This product is an animal behavior modification tool. It may need to be supplemented with other behavior modification techniques to break animals (particularly domestic animals) of existing bad habits.

Best results are obtained when application is made at least 6 hours prior to anticipated rainfall/snowfall. To maintain effectiveness, reapplication is recommended after heavy or frequent rainfall/snowfall. Under normal conditions, this product will last up to several weeks, however, to achieve maximum effectiveness, follow the instructions listed below.

USE RESTRICTIONS

This product repels dogs, cats, rabbits and animals. Keeps pets away from trees, shrubs, garbage cans/bags, around the periphery of flowers and vegetable gardens, and other "forbidden areas". Do not apply directly on ornamental, soft bodied plants. Do not apply on food or feed crops. Do not apply to fine finishes or painted surfaces.

For outdoor use only. Use training whenever possible, including positive (praise) and negative (sharply spoken word backed up with disciplinary action) reinforcement.

Note: This product is not likely to break the established urination patterns of dogs unless it is used as a training aid.

PRETREATMENT DIRECTIONS

Stray animals are frequently attracted to areas where pets have soiled with feces or urine. To discourage repeat visits, remove any droppings, clean with water and fill any existing holes.

APPLICATION DIRECTIONS

Perimeter/Barrier Treatment

Using the convenient dispenser cap on this package, lightly and evenly sprinkle a band 4 feet wide, next to and around the area you wish to protect. One pound will treat a band 4 feet wide by 50 feet in length. If after 2 weeks no visitations have been observed, a **broadcast/maintenance** application may be made at the rate of 1 lb. per 300 sq. ft. Do not water in after application. Reapply product after heavy precipitation or every two weeks to obtain best results.

This product is exempt from registration with the Federal EPA under section 25(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. Bonide represents that the ingredients qualify for exemption from registration under FIFRA.

ENDANGERED SPECIES CONSIDERATIONS

Before using this product, consult with State or local wildlife authorities to ensure that use does not present a hazard to any threatened or endangered species. Where necessary, obtaining all required permits and licenses is the responsibility of the applicator.

First Aid

Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with plenty of water. In case of skin irritation, wash area thoroughly with soap and water. Seek medical attention if irritation persists.

Storage and Disposal

Store and transport in an upright position. Store only in original container, in a dry place inaccessible to children and pets. Do not reuse empty container. Discard empty container in trash.

OTHER PRECAUTIONS

Do not apply directly to water.

SATISFACTION GUARANTEED

If not completely satisfied, please submit a refund request. Please send a copy of the receipt, the back label of the product that contains the UPC Code and a note explaining why you were dissatisfied. Send to, Bonide Products, Inc., Attn: Refund Request, 6301 Sutliff Road, Oriskany, NY 13424. Bonide will not be liable for any damage, direct or incidental. Refund or replacement product is Bonide's only obligation.
